English

Year 1 have been busy developing our writing skills this term. We started looking at the story of What the Ladybird Heard. We looked at all the different characters in the story, thought about how they would feel and wrote some speech for them. We re-told sections of the story through our writing and re-enacted the story in groups.

Next we looked at the story of Paddington. We talked about the setting for the story and Paddington's favourite food: marmalade sandwiches. The children sequenced the story and followed a set of instructions to make their own marmalade sandwiches for a teddy bear's picnic.

Year 1 have spent most of this term looking at place value and addition and subtraction with 10. Before half term we focused on number formation every morning and making number bonds to 5 and 10 as part of our spiral maths.

The first area Year 1 have covered in maths is place value within 10, this was done through sorting, counting and representing objects and counting objects from a larger group. Once we were confident with these skills we moved on to recognising numbers as words, counting forwards and backwards within 10, finding 1 more and 1 less and using a number line. We finally focused on comparing numbers and groups, ordering objects and numbers using fewer, more and the same to describe them and we looked at greater than, less than and equal to.

We followed this with looking at addition and subtraction facts within 10 using part-whole models and our number bonds to help us. We looked at adding or subtracting using a number line, finding a part and using crossing out to help us.

This half term we have been looking at different 2d and 3d shapes and making patterns with shapes. We have been on shape hunts around the school and used our knowledge of shapes to solve problems.

We finished off the term by looking at addition and subtraction within 20. The children worked really hard and used their knowledge from the previous topics to help them. They used lots of manipulatives to reinforce their

Science

In science we have had a look at different materials, their properties and matching materials to the correct labels. We looked around the classroom to see how many different materials we could find. We also carried out an experiment to see which material would be best for an umbrella to keep panda dry, we had great fun using the spray bottle. We have also looked at seasonal changes, we named the different seasons, focused on the changes that occur and looked at how animals and humans adapt to the different seasons.

History

In history we have been looking at toys past and present. We have compared toys from the past and present, spoken about our favourite toys and looked at different toys over the decades. The children were fascinated by how marionettes and the etch a sketch worked. As part of our history topic we had a trip to Penlee House and Museum and took part in an old toys workshop. We had an amazing time meeting 'Museum Doll' who is over 100 years old and exploring old toys. We were able to play with spinners, yoyo's, kaleidoscopes, flip books, Jacob's ladders, acrobat tumbling toys and the cup & ball.

Art and Design Technology

This term in art we have looked at how to use a paint brush correctly and how to create different paint strokes and patterns when using pencils and water colours. Year 1 have really enjoyed the freedom to be creative with our patterns and paint strokes and created some amazing art work. We have created lots of Christmassy crafts this half term which the children have really enjoyed.

Year 1 have been looking at the work of Paul Klee, who uses bright colours and big shapes. They were able to imitate his work really well and took great

This term in PSHE we have studied the SCARF units 'Me and my relationships' and 'Valuing difference'. We have looked at classroom rules, listening, feelings, what makes good friends, same and different, unkind, tease or bully. The children have come up with lots of lovely ideas for each topic and we have had some really deep discussions about feelings and kindness.

Geography

In geography this term we have looked at where we live. We started by looking at a map of the United Kingdom and labelled the four different countries and their capital cities. After that we focused on the four different countries that make the UK and the flowers, animals and saints that are important for each country. We finally looked at the local area where we go to school, we found Connor Downs on the map. We then drew the road where our school is and described it.

Music

In the first half of the term, we started each Music lesson by listening to different songs and using the interrelated dimensions of music (pulse, rhythm, tempo and pitch) to explain why we did or did not like each song.

We also learned to sing songs - from Charanga and introduced some instruments.

The second half of term was dedicated to our songs. Our nativity this year was Barmy Bethlehem and the children were amazing. We learned the songs, practised them until they were confident and even added actions. I am so

Computing

In Computing this term, the children learned about the names of the parts of a computer and laptop. They all began to learn how to log on to the Chromebook and control the cursor by using the mouse.

In the second half of the term, the children learned to draw and paint using the iPad. They have drawn self-portraits and recreated a Mondrian style print. They experimented with colour change, brush tool and rubber, the fill tool and stickers to create their digital art.
