

Amazing Amazon Mini Project

Task One

Using the world map and rainforest map posters, complete the worksheet to show which countries are covered, or partially covered, by the Amazon Rainforest. If you have an atlas at home, or access to the internet, you can use this instead if you want to.

Task Two

Read through the animal fact files. Choose your favourite and complete the information sheet. Can you find any different interesting facts about this animal? Is it similar to any other animals that you are familiar with?

Task Three

Design your own rainforest animal. Let your imagination run wild. Remember though, it needs to be able to survive in the rainforest, so you will need to think carefully about what it can do and what it needs to survive. Don't forget to include a labelled, colourful diagram.
